Dear Mr. Warren:

Please excuse my delay in responding to your kind letter. During the past two weeks I have been in and out of New York - in fact, I have been out of the city more than I have been in.

Although I cannot see myself as a "Negro leader", I would be happy to have the opportunity to talk with you in connection with your challenging assignment. Would any of the following dates be possible for you: Tuesday, April 7th, Thursday, April 16th, or the afternoon of Tuesday, April 21st?

I look forward to hearing from you at your convenience.

Sincerely,

Kenneth B. Clark
