Dr. Robert Penn Warren  
2495 Redding Road  
Fairfield, Connecticut

Dear Dr. Warren:

Within the next day or two I shall be returning to you the transcript which you were kind enough to send to me. The delay is ascribable to my efforts to fill-in, as best I could, the spaces that were blank and the parts that were incoherent.

Don't forget that you promised that you would look forward to returning to us within the near future.

Sincerely yours,

  
F. G. Clark,  
President
