

The tapes by Clark have one stray among them -- not in the series, but it is dated to distinguish from others. Keep this distinction, please.

one of Clark tapes has
long pause 7 min out
beginning of tape

The Roy Wilkins, too, is a stray -- transcribe it with number here to place in proper series already done by you.

Please have a check made of tapes in your hands to see if another Ralph Ellison is there. I thought that it was. In any case, let's transcribe this one now.
