

**Who Speaks For the Negro**  
by Robert Penn Warren: Here  
are revealing interviews with  
Negro leaders, including Mar-  
tin Luther King, Whitney  
Young, Roy Wilkins, James  
Farmer, the late Malcom X  
and many others.

Famed author Robert Penn  
Warren's sensitive and under-  
standing questions, and the  
fact that he views the racial  
conflict through the eyes of a  
Southerner, result in a  
thoughtful and extremely  
helpful book.

Warren, of course, was  
twice winner of the Pulitzer  
Prize, and is the author of  
"Segregation: The Inner Con-  
flict in the South."
